EXPERIENCE

Dnuevo Design— *Web Developer*

July 2024 - PRESENT

I developed and maintained two websites for Dnuevo Design, utilizing HTML, CSS, and JavaScript for the front end and Node.js with Express for the back end. My work involved creating tools such as an authentication system, a messaging feature, and other functionalities to align with my employer's specific requirements and goals. Additionally, I integrated Google Analytics to monitor user behavior and applied the insights to improve the websites' UX and UI. To enhance visibility and performance, I implemented SEO strategies, including optimizing site speed, structuring content for search engine indexing, and ensuring responsive, mobile-friendly designs.

Dupont — *Operator II*

February 2019 - July 2024

I worked at a manufacturing facility that produces a variety of products for the U.S. government. I manage a team of three people, where I oversee daily operations, delegate tasks, and ensure project deadlines are met. My responsibilities include coordinating workflow, providing training and support, and maintaining high standards of productivity and quality. Additionally, I collaborate with other departments to streamline processes and improve overall efficiency

Army Reserve — *Horizontal Construction Engineer*

November 2015 - November 2023

As a 12N Horizontal Construction Engineer in the Army Reserve, I operated heavy construction equipment to support a variety of engineering projects. My responsibilities included tasks such as leveling earth for runways and roadbeds, clearing and excavating construction sites, and transporting heavy equipment. This role also required providing support to various other military occupational specialties (MOS) as needed.

GMI — *Security Guard*

September 2017 - May 2018

As a Security Guard, I was responsible for maintaining a safe and secure environment by patrolling assigned areas, monitoring for suspicious activity, and addressing any security concerns. I excelled in writing detailed reports on incidents, ensuring accurate and clear documentation for future reference. My ability to calmly de-escalate tense situations was essential in resolving conflicts. Additionally, I collaborated with law enforcement and emergency services when necessary.
